

Multifunctional Mini Digital Vortex Mixer For Industrial Labs

Our Product Introduction

for more products please visit us on mkecentrifuge.com

Basic Information

- Place of Origin: China
- Brand Name: MKE
- Certification: CE,ISO13485,ISO9001:2015
- Model Number: K10
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Wooden Box
- Delivery Time: 7-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100 set/month

Product Specification

- Applications: Liquid, Powder, And Solid Mixing
- Warranty: 1 Year Warranty For The Whole Machine.
- Highlight: **Multifunctional digital vortex mixer,**
Labs digital vortex mixer,
Multifunctional mini vortex mixer

Product Description

Vortex mixer is widely used to mix samples in scientific and industrial labs, shops, and for home uses of mixing paint, ink, nail polish or other solutions.

Minimum Order Quantity:1

Price: To be negotiated

Packaging Details: Plywood Box

Delivery Time: 7-10 working days

Payment Terms: T/T

Our Product

Supply Ability: 300sets/month

- ST smart analysis platform can quickly respond to different work modes. Intelligent control of rotational speed, time and work mode by fast processing chips and electronic sensing technology.
- More clip spares meet the test requirements of various tubes and plates. Efficient extension ensures fast testing.
- Perfect structure design with sufficient counterweight makes eccentric balanced operation. Stable and quiet working platform suitable for different samples mixing.
- Permanent magnet DC motor with less heat. Over temperature protection ensures long high speed mixing without faults. Brushless design with little spare parts can reduce the operation resistance, noise and interference.
- Two safety operation modes "short spin" and "continuous". Easy switch over. Fast identify the maximum rotational speed of different clips. The timing and count down make the test more convenient and accurate.

Modules:

Item	Configuration		
K10-1		For the tube and small container with diameter less than 50 mm. trench structure to prevent container slippery in work.	Standard
K10-2		For the flask with diameter less than 85 mm.	Standard
K10-3		Microplate clip	Standard

K10-4		30 tube hole with 10 mm circular diameter.	Standard
K10-5		5 tube holes with 17 mm circular diameter.	Standard
K10-6		16 tube holes with 12-13 mm circular diameter.	Standard
K10-7		12 tube holes with 15 mm circular diameter.	Optional
K10-8		PCR 0.2ml×8 tube strips or PCR 96 hole plate of 0.2 ml tube.	Optional
K10-9		12 tube holes with 17 mm circular diameter.	Optional
K10-10		2 holes with 50 mm circular diameter for conical/round bottom tube.	Optional
K10-11		4 holes with 25 mm circular diameter for vial /sample bottles.	Optional

WHY CHOOSE US

- **Direct from the Manufacturer:** Enjoy competitive pricing on all our products.
- **Certified Excellence:** Experience premium quality with our CE and ISO certified products.
- **Customization at Its Best:** Benefit from our robust OEM and ODM capabilities tailored to your specific needs.
- **Reliable Production and Delivery:** Trust us for guaranteed on-time production and delivery of your orders.
- **Comprehensive Support:** Rely on our comprehensive after-sales service, including complimentary product accessories.
- **Expertise You Can Trust:** We stand behind our 15 years of experience in R&D and production of medical centrifuge machines.

Our Factory Introduction

We have a standardized production workshop operated by a dedicated team that ensures quality in every laboratory centrifuge and lab equipment we produce. Our R&D division includes design engineers, technology specialists, qualified experts, and process control managers. Following a strict quality control system, our specialists oversee the entire production process, from design and R&D to testing, production, quality inspection, and packaging.

- Specialize in centrifuges.
- With decades of experience, we've exported to 80+ countries.
- Proven Reputation: SGS and Intertek inspected, underlining our reliability.
- Manufacturing Capabilities: 6 floors, 3000 sqm each, dedicated to manufacturing and quality control.

MKE Exhibition

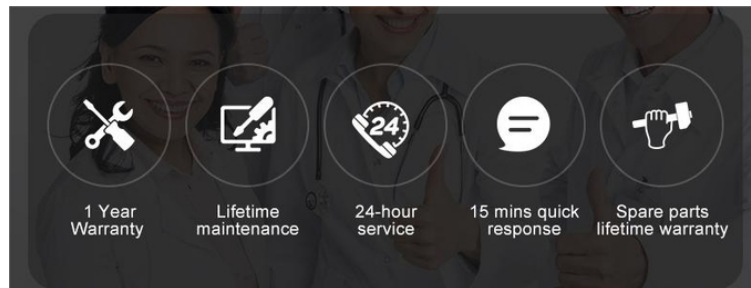

Packaging & Delivery

MKE centrifuges are securely packaged in wooden cases or carton boxes, selected according to the weight and size of the goods. This ensures they are delivered in excellent condition to customers worldwide.

After-Sale WARRANTY

FAQ

Q: How long is the production lead time?

A: Within 7-15 workdays after receiving deposit.

Q: What's your warranty?

A: All MKE products have ONE year warranty, five-year motor warranty. We won't charge clients any money for repairing the machine during one-year warranty time, the freight is also on us.

Q: How about the sample of MKE Centrifuge?

A: We could send you the samples but the freight and the sample are charged.

Q: Which kinds of Certificate would you have?

A: ISO9001, ISO13485, CE

Q: Do you offer centrifuges with voltage and plug options suitable for my country/region?

A: Yes, we provide centrifuges with various voltage and plug options to meet different country/region requirements. Please let us know your specific needs, and we will ensure compatibility.

Q: Are there customized options available for specific applications?

A: Absolutely! We offer customization options to meet specific application needs. Let us know your requirements, and we will tailor the centrifuge accordingly.
