

Heat Block Digital Dry Bath Incubator Desktop With Precise Temperature Control

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: MKE
- Certification: CE,ISO13485,ISO9001,SFDA
- Model Number: MDB-100(old modelMK-100)
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Wooden Box
- Delivery Time: 7-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100 set/month

Product Specification

- Applications: Molecular,microbiological,biochemistry Labs
- Temperature Setting Range: 0°C +100°C
- Temperature Control Range: RT+5°C~100°C
- Temperature Stability: 37°C ±0.3°C
- Temperature Uniformity: 37°C ±0.3°C
- Warranty: 1 Year Warranty For The Whole Machine
- Highlight: **Heat Block digital dry bath incubator, Precise digital dry bath incubator, Desktop heat block incubator**

Product Description

MK-100 is an exquisite desktop instrument with Precise temperature control and high - quality. A variety of host and module for your choice to meet the needs of various experiments, accurate temperature control , good reproducibility, and fast and safe heating.

- The whole machine adopts safety voltage DC24V to ensure the absolute safety of the experimental personnel when contact with the aluminum module.
- Excellent temperature stability and uniformity ensure experimental accuracy.
- PID digital temperature control, faster, more accurate, more convenient temperature calibration.
- OLED large screen display, parameters are more intuitively to show.
- Easy to operate, cut off power supply and alarm when over temperature , quickly forced to cool, preserve precious experimental reagents.
- High quality precision module machining ensures optimum thermal conductivity.
- More convenient two point temperature correction, +/- 5 °C zero correction and full degree correction.
- In different environments, has the function of one-key self-tuning (AT) temperature parameters under the current environment.

WHY CHOOSE US

- **Direct from the Manufacturer:** Enjoy competitive pricing on all our products.
- **Certified Excellence:** Experience premium quality with our CE and ISO certified products.
- **Customization at Its Best:** Benefit from our robust OEM and ODM capabilities tailored to your specific needs.
- **Reliable Production and Delivery:** Trust us for guaranteed on-time production and delivery of your orders.
- **Comprehensive Support:** Rely on our comprehensive after-sales service, including complimentary product accessories.
- **Expertise You Can Trust:** We stand behind our 15 years of experience in R&D and production of medical centrifuge machines.

Our Factory Introduction

We have a standardized production workshop operated by a dedicated team that ensures quality in every laboratory centrifuge and lab equipment we produce. Our R&D division includes design engineers, technology specialists, qualified experts, and process control managers. Following a strict quality control system, our specialists oversee the entire production process, from design and R&D to testing, production, quality inspection, and packaging.

- Specialize in centrifuges.
- With decades of experience, we've exported to 80+ countries.
- Proven Reputation: SGS and Intertek inspected, underlining our reliability.
- Manufacturing Capabilities: 6 floors, 3000 sqm each, dedicated to manufacturing and quality control.

MKE Exhibition

Packaging & Delivery

MKE centrifuges are securely packaged in wooden cases or carton boxes, selected according to the weight and size of the goods. This ensures they are delivered in excellent condition to customers worldwide.

After-Sale WARRANTY

FAQ

Q: How long is the production lead time?

A: Within 7-15 workdays after receiving deposit.

Q: What's your warranty?

A: All MKE products have ONE year warranty, five-year motor warranty. We won't charge clients any money for repairing the machine during one-year warranty time, the freight is also on us.

Q: How about the sample of MKE Centrifuge?

A: We could send you the samples but the freight and the sample are charged.

Q: Which kinds of Certificate would you have?

A: ISO9001, ISO13485, CE

Q: Do you offer centrifuges with voltage and plug options suitable for my country/region?

A: Yes, we provide centrifuges with various voltage and plug options to meet different country/region requirements. Please let us know your specific needs, and we will ensure compatibility.

Q: Are there customized options available for specific applications?

A: Absolutely! We offer customization options to meet specific application needs. Let us know your requirements, and we will tailor the centrifuge accordingly.
