

Basic Information

Place of Origin: CHINABrand Name: MKE

• Certification: CE,ISO13485,ISO9001,SFDA

Minimum Order Quantity: 1

Price: Negotiable
Packaging Details: Wooden Box
Delivery Time: 7-15 work days

• Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram

Supply Ability: 100 set/month

Product Specification

Structure: Gear PumpPressure: Low Pressure

• Zoom Lens: F=1:1.2,2/3 Inch 6 Times Zoom Lens

Consumption: Consumption
 Temperature Uniformity: ±0.5°C
 Temperature Stability: ±0.03°C
 Feature: Portable

Magnetic Stirrer Use: Laboratory, medical, biological

Rotor: Vertically Fixed

• Temperature Range: Room Temperature To 300°C

Temp Setting Range: 1min ~99h59minComb Thickness: 1&1.5mm

• Usage: Heating And Mixing

Overall Power 18KW

Consumption:

Product Description

Light is one of the basic factors of plant growth and development. Light quality regulates plant growth, morphogenesis, photosynthesis, metabolism and gene expression. Controlling plant morphogenesis and growth through light quality regulation is an important technique in facility culture. As the fourth generation of new plant growth light source, it has the characteristics of energy saving, environmental protection, safety and reliability, long service life, short response time, small size, light weight, less heat, easy to disperse or combination control, which are different from other electric light sources.

WHY CHOOSE US

- Direct from the Manufacturer: Enjoy competitive pricing on all our products.
- Certified Excellence: Experience premium quality with our CE and ISO certified products.
- Customization at Its Best: Benefit from our robust OEM and ODM capabilities tailored to your specific needs.
- Reliable Production and Delivery: Trust us for guaranteed on-time production and delivery of your orders.
- Comprehensive Support: Rely on our comprehensive after-sales service, including complimentary product accessories.
- Expertise You Can Trust: We stand behind our 15 years of experience in R&D and production of medical centrifuge machines.

Our Factory Introduction

We have a standardized production workshop operated by a dedicated team that ensures quality in every laboratory centrifuge and lab equipment we produce. Our R&D division includes design engineers, technology specialists, qualified experts, and process control managers. Following a strict quality control system, our specialists oversee the entire production process, from design and R&D to testing, production, quality inspection, and packaging.

- Specialize in centrifuges.
- With decades of experience, we've exported to 80+ countries.
- Proven Reputation: SGS and Intertek inspected, underlining our reliablity.
- Manufacturing Capabilities: 6 floors, 3000 sqm each, dedicated to manufacturing and quality control.

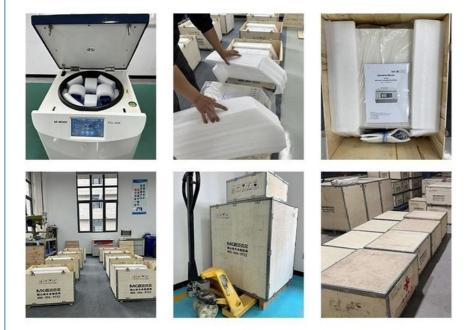

MKE Exhibition

Packaging & Delivery

MKE centrifuges are securely packaged in wooden cases or carton boxes, selected according to the weight and size of the goods. This ensures they are delivered in excellent condition to customers worldwide.

After-Sale WARRANTY

FAQ

Q: How long is the production lead time?

A: Within 7-15 workdays after receiving deposit.

Q: What's your warranty?

A: All MKE products have ONE year warranty, five-year motor warranty. We won't charge clients any money for repairing the machine during one-year warranty time, the freight is also on us.

Q: How about the sample of MKE Centrifuge?

A: We could send you the samples but the freightand the sample are charged.

Q: Which kinds of Certificate would you have?

A: ISO9001, ISO13485, CE

Q: Do you offer centrifuges with voltage and plug options suitable for my country/region?

A: Yes, we provide centrifuges with various voltage and plug options to meet different country/region requirements. Please let us know your specific needs, and we will ensure compatibility.

Q: Are there customized options available for specific applications?

A: Absolutely! We offer customization options to meet specific application needs. Let us know your requirements, and we will tailor the centrifuge accordingly.
