

Basic Information

Place of Origin: CHINABrand Name: MKE

Certification: CE,ISO13485,ISO9001,SFDA

Model Number: GR-10CMinimum Order Quantity: 1

Price: Negotiable
Packaging Details: Wooden Box
Delivery Time: 7-15 work days

Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram

• Supply Ability: 100 set/month

Product Specification

Applications: Industrial Labs, Hospital, University

Research, Laboratory, Transfusion

Facilities, Pharmaceuticals, and Biotechnology

Max. Speed: 10000rpm
 Max. RCF: 18590xg
 Max. Capacity: 6x1000ml
 Temperature Range: -20°C~40°C

Matched Rotors: Fixed Angle Rotors

• Display: LCD

Warranty:
 1 Year Warranty For The Whole Machine, 3

Years Warranty For The Compressor And 5 Years Warranty For The Motor. Free Replacement Parts And Shipping Within

Warranty.

• Highlight: Floorstanding chilled centrifuge,

Cell Culture chilled centrifuge,

6x1000ml centrifuge used in blood bank

Description:

Floor Standing High Speed Refrigerated Centrifuge GR-10C is specially designed for universal use in Industrial labs, Hospital, Veterinary Clinics, Food Labs, Universities and Colleges, Pharmaceutical Labs, Cell Cultures Labs, where repeatability, precision and reliability of speed, time, temperature, acceleration and deceleration are significant factors in obtaining perfect separations of the distinct blood fractions.

Technical Specifications:

Max. Speed	10000rpm		AC frequency conversion motor, direct drive	
Speed accuracy	±10rpm	Screen	Touch LCD color+digital screen	
Max.Capacity	6x1000ml	Control	advanced CPU control system	
Max. RCF	18590xg	Timer range	1~99h59min	
Daily use program	30	Temp accuracy	±1°C	
Temp.range (at RT 25°C)	- 20°C~40°C	Acceleration/Deceleration	10	
Noise	60dB(A)	,	AC220v 50Hz 30A,6500w	
Net weight	270kg	Dimension	860×730×1200mm(L×W×H)	

Matched Rotors:

No.	Rotor	Capacity	Max.speed	Max. RCF	Note
NO.1					
	Fixed Angle Rotor	6x500ml	10000r/min	18590xg	PP/PC tube
NO.2					
	Fixed Angle Rotor	6x1000ml	8000r/min	14472xg	PP/PC tube

User Friendly:

Directly driven by high power AC frequency conversion motor, small vibration, low noise, long service life. Adopting imported high-efficiency environmentally friendly refrigeration system, cooling and heating dual-channel control, no environmental pollution, high precision temperature control.

The use of advanced CPU control system, with 35 operating procedures can be programmed, can be stored, can be taken; the user can set 30 procedures for daily operation.

Dual screen design parameter display intuitive, at the same time display running speed, centrifugal force, door cover switch, lift speed gear and other parameters, with Chinese and English operating software conver

Safety:

Safety and Standards Certification: CE

Product Safety: EN61010-1 and EN 61010-2-020

Equipped with safety designs such as door cover protection, overspeed, overcurrent and advanced electronic uneven quartet detection system, which can monitor the centrifuge process in real time to ensure the safe operation of the instrument.

The rotor is made of super-hard aluminium alloy by special technology, with good sealing performance and unlimited high temperature and high pressure disinfection resistance.

WHY CHOOSE US

- Direct from the Manufacturer: Enjoy competitive pricing on all our products.
- Certified Excellence: Experience premium quality with our CE and ISO certified products.
- Customization at Its Best: Benefit from our robust OEM and ODM capabilities tailored to your specific needs.
- Reliable Production and Delivery: Trust us for guaranteed on-time production and delivery of your orders.
- **Comprehensive Support:** Rely on our comprehensive after-sales service, including complimentary product accessories.
- Expertise You Can Trust: We stand behind our 15 years of experience in R&D and production of medical centrifuge machines.

Our Factory Introduction

We have a standardized production workshop operated by a dedicated team that ensures quality in every laboratory centrifuge and lab equipment we produce. Our R&D division includes design engineers, technology specialists, qualified experts, and process control managers. Following a strict quality control system, our specialists oversee the entire production process, from design and R&D to testing, production, quality inspection, and packaging.

- Specialize in centrifuges.
- With decades of experience, we've exported to 80+ countries.
- Proven Reputation: SGS and Intertek inspected, underlining our reliablity.
- Manufacturing Capabilities: 6 floors, 3000 sqm each, dedicated to manufacturing and quality control.

MKE Exhibition

Packaging & Delivery

MKE centrifuges are securely packaged in wooden cases or carton boxes, selected according to the

weight and size of the goods. This ensures they are delivered in excellent condition to customers worldwide.

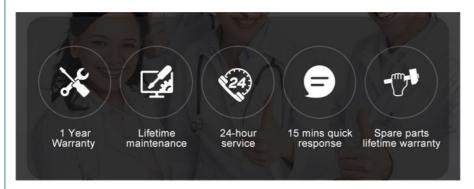

After-Sale WARRANTY

FAQ

Q: How long is the production lead time?

A: Within 7-15 workdays after receiving deposit.

Q: What's your warranty?

A: All MKE products have ONE year warranty, five-year motor warranty. We won't charge clients any money for repairing the machine during one-year warranty time, the freight is also on us.

Q: How about the sample of MKE Centrifuge?

A: We could send you the samples but the freightand the sample are charged.

Q: Which kinds of Certificate would you have?

A: ISO9001, ISO13485, CE

Q: Do you offer centrifuges with voltage and plug options suitable for my country/region?

A: Yes, we provide centrifuges with various voltage and plug options to meet different country/region requirements. Please let us know your specific needs, and we will ensure compatibility.

Q: Are there customized options available for specific applications?

A: Absolutely! We offer customization options to meet specific application needs. Let us know your requirements, and we will tailor the centrifuge accordingly.
