

Cervical Cell Processing Clinical Centrifuge Compact Design With Transparent Glass Cover

Our Product Introduction

for more products please visit us on mkecentrifuge.com

Basic Information

- Place of Origin: CHINA
- Brand Name: MKE
- Certification: CE,ISO13485,ISO9001,SFDA
- Model Number: XJ-6
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Wooden Box
- Delivery Time: 7-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100 set/month

Product Specification

- Product Type: Benchtop Cell Cytospin Centrifuge
- Applications: Ideal For The Centrifugation Of Samples In Clinical, Chemistry, Cytology, Research And Industrial Laboratories.
- MaxSpeed: 1200rpm
- MaxRCF: 241xg
- MaxCapacity: 12 Cell Slide Clips
- Noise Level: ≤55dB(A)
- MatchedRotors: Swing Rotor
- Display: LED
- Warranty: 1 Year Warranty For The Whole Machine, 3 Years Warranty For The Compressor And 5 Years Warranty For The Motor. Free Replacement Parts And Shipping Within Warranty.
- Highlight: Cervical Cell Processing Clinical Centrifuge, Transparent Glass Cover Clinical Centrifuge, Compact Design Clinical Centrifuge

Product Description

Description

Cervical brushing samples undergo gradient centrifugation to separate impurities efficiently. The XJ-6 Cell Smear Centrifuge transforms key diagnostic components—cells and bacteria—into a flat, uniform layer without overlap. This ultra-thin layer adheres securely to glass slides for precise analysis using a microscope or computer. Capable of preparing 12 samples in 5 minutes, it offers simplicity, eco-friendliness, and perfectly even cell layering, even on a transparent background.

Specifications:

| | | | |
|------------------|------------------------|----------------------------|-----------------------------|
| Speed range(rpm) | 0-1200rpm adjustable | Noise(dBA) | ≤55 dB(A) |
| Control | Microprocessor control | Motor | Inverter motor direct drive |
| Max Capacity(ml) | 12 cell slide clips | Height of Cell Slide Clips | 50mm |
| Time Range | 0-99min | Dimension(mm) | 440*400*230mm |
| RCF range (xg) | 0-241xg adjustable | Net weight(without rotor) | 22KG |
| Power supply | AC220V,50HZ,5A,60W | | |

Features

Built with a robust metal housing, metal lid, and stainless steel chamber, this centrifuge is resistant to detergents, disinfection solutions, and fully autoclave-able. Equipped with a frequency conversion A.C. motor and microprocessor control, it guarantees accurate and efficient operation. The intuitive LED display shows key parameters such as speed, timer, RCF, program memory, and operational errors, ensuring seamless use. A double-layer sealing system enhances security, maintaining an airtight seal between the lid and the

chamber.

Bio-safety is prioritized with a gas-tight rotor sterilizable at high temperatures and UV sterilization that activates automatically at startup for added protection.

Matched Rotor

| No. | Rotor | Capacity | Max. speed | Max. RCF | Note |
|---|-------------|---------------------------------|------------|----------|--------------------------------|
| NO.1  | Swing rotor | 12 cell slide clips 2ml/clip | 1200r/min | 241xg | Swing rotor of settlement type |

WHY CHOOSE US

- **Direct from the Manufacturer:** Enjoy competitive pricing on all our products.
- **Certified Excellence:** Experience premium quality with our CE and ISO certified products.
- **Customization at Its Best:** Benefit from our robust OEM and ODM capabilities tailored to your specific needs.
- **Reliable Production and Delivery:** Trust us for guaranteed on-time production and delivery of your orders.
- **Comprehensive Support:** Rely on our comprehensive after-sales service, including complimentary product accessories.
- **Expertise You Can Trust:** We stand behind our 15 years of experience in R&D and production of medical centrifuge machines.

Our Factory Introduction

We have a standardized production workshop operated by a dedicated team that ensures quality in every laboratory centrifuge and lab equipment we produce. Our R&D division includes design engineers, technology specialists, qualified experts, and process control managers. Following a strict quality control system, our specialists oversee the entire production process, from design and R&D to testing, production, quality inspection, and packaging.

- Specialize in centrifuges.
- With decades of experience, we've exported to 80+ countries.
- Proven Reputation: SGS and Intertek inspected, underlining our reliability.
- Manufacturing Capabilities: 6 floors, 3000 sqm each, dedicated to manufacturing and quality control.

MKE Exhibition

Packaging & Delivery

MKE centrifuges are securely packaged in wooden cases or carton boxes, selected according to the weight and size of the goods. This ensures they are delivered in excellent condition to customers worldwide.

After-Sale WARRANTY

FAQ

Q: How long is the production lead time?

A: Within 7-15 workdays after receiving deposit.

Q: What's your warranty?

A: All MKE products have ONE year warranty, five-year motor warranty. We won't charge clients any money for repairing the machine during one-year warranty time, the freight is also on us.

Q: How about the sample of MKE Centrifuge?

A: We could send you the samples but the freight and the sample are charged.

Q: Which kinds of Certificate would you have?

A: ISO9001, ISO13485, CE

Q: Do you offer centrifuges with voltage and plug options suitable for my country/region?

A: Yes, we provide centrifuges with various voltage and plug options to meet different country/region requirements. Please let us know your specific needs, and we will ensure compatibility.

Q: Are there customized options available for specific applications?

A: Absolutely! We offer customization options to meet specific application needs. Let us know your requirements, and we will tailor the centrifuge accordingly.
