## Product Specification

Product Type:	8 Tubes Test Gerber In Milk Fat Centrifuge		
Applications:	Dairy Industry,Food Industry,Medical Industry,Environmental Testing,Industrial Applications,Research And Development		
Max Speed:	1500rpm		
• Max RCF:	380xg		
<ul> <li>Max Capacity:</li> </ul>	8*30ml Geber Tube		
Matched Rotors:	Fixed Angle Rotor		
• Display:	LCD		
• Warranty:	1 Year Warranty For The Whole Machine, 3 Years Warranty For The Compressor And 5 Years Warranty For The Motor. Free Replacement Parts And Shipping Within Warranty.		
• Highlight:	Industrial Test Gerber Centrifuge Machine, 8 Tubes Test Gerber Centrifuge Machine,

Food Test Gerber Centrifuge Machine

#### **Product Description**

The RZ-50 Gerber Centrifuge is specifically designed for milk fat determination, offering four testing methods: Gerber, Ross, Pasteur, and solubility. Its integrated heating system keeps samples above 50°C during operation, ensuring accurate and consistent results.

Built with user convenience in mind, it features a stainless steel chamber, a color display for real-time monitoring, and a fault-detection system for enhanced safety. The centrifuge operates quietly (below 58 decibels) and complies with international safety standards, making it a reliable and efficient tool for both the dairy and pharmaceutical industries.

#### **Technical Specifications:**

_					
Speed rande(rpm)	0-2000rpm adjustable	Speed accuracy	±10rpm		
IMAX Cabacity(mi)	8*30ml gerber tube	RCF range (xg)	890xg		
Display	LCD	Time range	0-99minutes 59 s		
Noise(dBA)	≦60dB(A)	Acceleration /Deceleration rates	0 9		
Temp.Range	Room Temp.+35°C80°C				
Dimension(mm)	600x476x370m m	Motor	Frequency Converter motor		
weight(without	50KGS(rotor excluded)	Power supply	AC220V,50HZ,15A ,2000W		

#### **Matched Rotors**

No.	ltem	Capacity	Max.speed	Max.RCF	Note
NO.1	Angle rotor	8×30ml	2000r/min	890xg	PP/PC tube

#### **Comprehensive and User-Centric**

**Durable Design**: Metal housing and stainless steel chamber are resistant to detergents, disinfection, and autoclavable.

**Intelligent Control**: Microprocessor system with frequency-conversion motor ensures precision and reliability. **Display Excellence**: Large color screen shows essential parameters like speed, temperature, and fault information.

Advanced Heating: Integrated ring heater provides fast, even heating with accurate temperature control. Comprehensive Safety: Lid interlock, imbalance detection, emergency release, and gas hinge for safe operation.

Low Noise Operation: Quiet performance at less than 58 decibels.

### WHY CHOOSE US

- Direct from the Manufacturer: Enjoy competitive pricing on all our products.
- Certified Excellence: Experience premium quality with our CE and ISO certified products.

- Customization at Its Best: Benefit from our robust OEM and ODM capabilities tailored to your specific needs.
- Reliable Production and Delivery: Trust us for guaranteed on-time production and delivery of your orders.
- **Comprehensive Support:** Rely on our comprehensive after-sales service, including complimentary product accessories.
- Expertise You Can Trust: We stand behind our 15 years of experience in R&D and production of medical centrifuge machines.

### **Our Factory Introduction**

We have a standardized production workshop operated by a dedicated team that ensures quality in every laboratory centrifuge and lab equipment we produce. Our R&D division includes design engineers, technology specialists, qualified experts, and process control managers. Following a strict quality control system, our specialists oversee the entire production process, from design and R&D to testing, production, quality inspection, and packaging.

- Specialize in centrifuges.
- With decades of experience, we've exported to 80+ countries.
- Proven Reputation: SGS and Intertek inspected, underlining our reliablity.
- Manufacturing Capabilities: 6 floors, 3000 sqm each, dedicated to manufacturing and quality control.

### MKE Exhibition

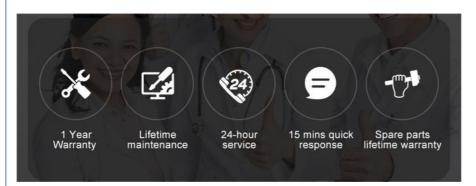

### Packaging & Delivery

MKE centrifuges are securely packaged in wooden cases or carton boxes, selected according to the weight and size of the goods. This ensures they are delivered in excellent condition to customers worldwide.

## After-Sale WARRANTY

## <u>FAQ</u>

### Q: How long is the production lead time?

A: Within 7-15 workdays after receiving deposit.

### Q: What's your warranty?

A: All MKE products have ONE year warranty, five-year motor warranty. We won't charge clients any money for repairing the machine during one-year warranty time, the freight is also on us.

### Q: How about the sample of MKE Centrifuge?

A: We could send you the samples but the freightand the sample are charged.

**Q: Which kinds of Certificate would you have?** A: ISO9001, ISO13485, CE

#### Q: Do you offer centrifuges with voltage and plug options suitable for my country/region?

A: Yes, we provide centrifuges with various voltage and plug options to meet different country/region requirements. Please let us know your specific needs, and we will ensure compatibility.

### Q: Are there customized options available for specific applications?

A: Absolutely! We offer customization options to meet specific application needs. Let us know your requirements, and we will tailor the centrifuge accordingly.
